A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Killed at College Commencement.

At Berea, Ky., yesterday afternoon, Mrs. Nannie Nuckols, of Cartersville, Garrard county, shot and instantly killed Mrs. Viana Black, of Conway, Rockcastle county. The killing was the result of jealously and trouble of long standing.

The shooting took place on the college campus, directly in front of the new memorial chapel, and created a panic among the 10,000 people who were attending Berea College commencement.

Mrs. Nuckols was arrested and taken to Richmond and placed in jail. She has a husband and three children. The dead woman is survived by a husband and five children.

In the jail last night Mrs. Nuckols said that her husband and her victim had been sweethearts before she had met him and that twice during the day she had missed her husband. When she went to find him he was with Mrs. Black. The second time she called her husband to come to the tent in which they had camped. Mrs. Black followed, and when the husband had gone for some refreshments Mrs. Nuckols asserts that Mrs. Black said she had done what she did deliberately and would do it again.

A quarrel ensued, in which she says Mrs. Black came toward her in a manner indicating that she was armed and intended to use whatever weapon she was carrying. Thereupon Mrs. Nuckols rushed to the wagon in which they had come to the commencement, and, taking her husband's revolver, shot Mrs. Black. Death was almost instantaneous.

The commencement exercises, which were to have been continued yesterday afternoon, were postponed because of the excitement.

The chapel in front of which the tragedy occurred and into which the murdered woman was carried, was a $40,000 structure, to the construction fund of which Miss Helen Gould was the largest individual contributor. Berea College is noted as one of the few southern institutions in which blacks and whites mingle. It was prominent some months ago because of proposed State legislation that would have made this feature illegal and probably ended the career of the institution.

Cabinet Officers Arraigned.

Three cabinet officers were arraigned on the floor of the House yesterday for alleged violation of specific enactments of Congress. Mr. Sullivan, of Massachusetts, severely condemned Secretary Wilson for his conduct in connection with the construction of the Agriculture Department building; Secretary Hitchcock for his method of handling the public moneys, and Secretary Metcalf for his orders to the Commissioner General of Immigration not to enforce the Chinese exclusion laws.

Concerning Secretary Wilson, he said: "The law has been deliberately violated by the Secretary of Agriculture, and his own testimony makes it clear that he intended from the beginning to violate it. His defense is not worthy of serious consideration, and he himself abandoned it. The President of the United States is required to execute the laws. The Secretary of Agriculture is a member of his cabinet. It is difficult to believe that the President has not been aware of this violation of law by a member of his official family, but whether he has been aware of it or not in the past, his attention is called to it now, and if he fails to call for the resignation of Mr. Wilson the country will know that one of two things is true—either that he has advised the violation of law by the Secretary and is, therefore, estopped from punishing him by requesting his resignation, or, that it now being called to his attention for the first time, his failure to request his resignation is a direct expression of his contempt for Congress and its laws."

This arraignment of Cabinet officers evidently met with the approval of the republican members of the committee on appropriations, although no republican member would give utterance to sentiments privately expressed in committee and cloak rooms. Mr. Sullivan's time expired before he had concluded, and Chairman Tawney, of the appropriations committee, yielded him sufficient time to enable him to conclude his strictures

Hospital Investigation.

The sensation of the day in the Eastern State Hospital investigation at Williamsburg was the attempt of members of the investigating committee to break down and disprove the expert evidence given by Dr. Elwin McGuire and Dr. R. C. Bryan on Saturday. The Richmond physicians had been called to testify regarding the treatment of certain patients by Dr. Williams, a former assistant physician at the hospital. Their testimony was to the effect that the treatment administered was the proper treat ment.

Yesterday morning Chairman Saddler called Dr. Henderson to the stand and endeavored to show that the statements made by the Richmond physicians were not founded on medical fact. Dr. Henderson testified that he did not agree with the Richmond experts that the same physical treatment of the sane and insane was proper. Dr. J. B. Spencer, of Williamsburg; Dr. William D. Turner, of Isle of Wight; Dr. Southall, of the hospital, and Dr. D. J. King, of Williamsburg, all testified along the same lines as Dr. Bryan and Dr. McGuire.

Col. Walter H. Taylor, of Norfolk, for 12 years president of the board of directors, was an interesting witness. Colonel Taylor spoke highly of Dr. Foster, who, he said, was well qualified for the position of superintendent. Colonel Taylor made the assertion that the hospital has always suffered for lack of money. He resented the statement made by J. S. Moore that the members of the board were appointed for political purposes and that they made all they could out of the position.

A sensation occurred when Mr. Bowery stated just at the end of the session that E. H. Clowes had stuck a knife in his back because he had voted for Thomas S. Martin for senator, reducing his salary $10 a month. Witness said Clowes said he could appear before the board with better grace if he had voted for Montague.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, JUNE 7, 1906.

THE principal nations of the earth are again considering the anarchist problem, which is generally the case after some ruler has been killed or barely escaped death from the hands of an assassin. We are told that the throwing of a bomb at King Alfonso and his bride in the streets of Madrid a few days ago was but an incident in a wholesale plot to assassinate several heads of government that was hatched in Paterson, N. J. That would-be assassins should be taken in hand before they get in their deadly work is apparent, and the fact that police agencies throughout the world know the haunts of such people makes it still more obligatory upon them to take such individuals in custody and prevent such occurrences as have during the past quarter of a century appalled the world. It is known that anarchists hive in the United States, England, France and in other countries, and why the authorities defer action in their cases is hard to understand. These chronic disturbers of the peace are generally permitted to hold meetings and inveigh against all law and order without let or hindrance. The time has come when such procedures should be stopped. Irresponsible and bloodthirsty men come to the United States and ventilate themselves against European rulers, while others from this country appear in foreign capitals and denounce the free institutions of North America. They are enemies to all governments and defy both God and man, and should be made to understand that the world is not to be given over to them.

THE republican partisans of the House are striving desperately to pass a bill giving the federal courts jurisdiction in election fraud cases. The democrats of the committee that reported the bill are united in opposition to it and in their report say: "No laws put upon the federal statute books are more calculated to create serious friction between federal and State jurisdictions and stir up strife among our people, and more calculated to engender hatred of the federal government than federal election laws, such as were upon the statute books and repealed by act of February 8, 1894, an act that has had largely to do with the restoration of good fellowship between different sections of the union that now exists." There is no evidence to show that State legislatures and State courts have not done justice in respect to cases involving election frauds, and hence to give the federal courts sole jurisdiction can only be for corrupt partisan purposes. All honest and independent voters will condemn such attempts to increase the federal power, already being augmented far beyond the intention of the framers of the constitution.

SINCE the recent expose of the plans of the anarchists extraordinary precautions are being taken in the vicinity of the White House to protect the President from any possibility of danger. Plain clothes men from the Washington detective force, secret service agents and a score of uniformed policemen guard every entrance and exit to the Executive Mansion, and no one is permitted about the grounds or gateway on the north side of the enclosure. All the gates at east, south and west entrances to the grounds are securely chained and padlocked. The manner in which rulers are compelled to live in this day is calculated to render those who occupy exalted positions anything else than pleasant. The palace and grounds of the Czar of Russia are surrounded by search lights after dark, and every precaution taken to protect him from bombs and bullets, and with all the precautions resorted to he is harrassed by the suggestion that his army may prove disloyal to him.

THAT THE STANDPATTERS are not in a happy frame of mind is evidenced by the Economist, the organ of the Protective Tariff League. That mouthpiece of the trusts and protected interests declares that the men in charge of the republican congressional campaign indorse a statement attributed to John Hay that "tariff revision is bound to come but woe to the party through whom it cometh." This would indicate that the standpatters are trying to discount the effect of the election of a democratic congress and at the same time are trying to arouse the protected tariff barons to the danger and make them "come down with the dust" liberally to prevent such a castastrophe to the trusts and combines. As that republican statesman and standpatter, Senator Bulkeley, says that elections are carried by those with the most money, so all the tariff barons have to do is to come down with the boodle and the republican congressional committee will do the rest.

A MOVE has for some time been on in the Methodist world of Richmond, which means no less than the proposed amalgamation of Trinity and St. James churches. Trinity is the oldest Methodist Church in that city, while St. James is among the youngest.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, June 7.

With the simplest of funerals rites, the body of the late Senator Arthur Pue Gorman, of Maryland, was laid to rest today in Oak Hill Cemetery. Here he had chosen for his burial place and this was the nature of ceremonies he had left instruction should be performed after his death. The services were held in the Gorman residence at 1432 K street nothwest. Instead of the funeral being under the direction of the Sergeant-at-arms of the Senate and the funeral one of state, as the Senate decreed by resolution, the exercises over the body were almost private. Only the late convening of that body, two hours after the regular time and the draped seat of the former senator, told of the funeral in the Senate chamber. Rev. Dr. Wallace Radcliffe, pastor of the New York Avenue Presbyterian Church, which Senator and Mrs. Gorman and their daughter, Miss Ada Gorman, attended had charge of the brief ceremonies at the house. Shortly before 11 o'clock the joint committee of the Senate and House assembled at the Arlington Hotel and proceeded in a body to the Gorman residence, a short distance away. They were led by Senator Rayner, of Maryland, and by Senator Allison, of Iowa, while Senators Morgan, Hale, Aldrich, Tillman, and Representatives Talbott, John Sharp Williams, Babcock, Griggs, the entire Maryland delegation and others followed. Others gathered at the residence, besides the members of the family, were Rev. Frederick D. Power, pastor of the Vermont Avenue Christian Church, which the late Senator frequently attended; Rev. Edward Everett Hale, chaplain of the Senate, and Rev. A. Ried Bird, pastor of the Presbyterian Church at Laurel, Md , the seat of the Gorman summer home, and the active and honorary pallbearers. Dr. Radcliffe made a short prayer, after which he read a brief passage of scripture. Following this he delivered a funeral address. The closing prayer was offered by Dr. Powers. The simplicity of the ceremony was noticed in the fact that there was no music. At the express wish of the family there were very few flowers, a limited number of tokens being sent by relatives. The body was followed to the cemetery by the relatives, the pallbearers and the joint congressional committee.

Mexicans, as a rule, cannot read our English and invariably laugh at the Spanish Americans try to write in preparing catalogues for circulation in Mexico. In fact Consul J. A. LeRoy, of Durango, is quite ashamed of his countrymen. In a report to the Department of Commerce and Labor, he says there are few lines of trade in which catalogues in English will be of any help to American trade. "And in those cases where catalogues are sent out in Spanish, the effect is quite often worse than if they were in English, owing to the ludicrous Spanish into which they are put. Not every graduate of a two months' course in a language academy in our cities, or every whilom sojourner in the Philippines, Mexico, of South America is necessarily equipped to make real translations into Spanish of matter that is in large part technical, and which, moreover, often describes new ideas or methods, the phraseology of which is unknown to the Spanish American readers."

Thos. E. Wilson, of the Nelson Morris Company, representing the big Chicago packing houses, continued his statement today to the House committee on agriculture in defense of the packers. He is to be followed on the stand by Charles P. Neill, joint author of the Neill-Reynolds report which has so quickened the public pulse. Mr. Wilson today took up the Beveridge inspection amendment to the agricultural appropriation bill and voiced the packers' objections to some of its provisions. Most of these objections, he said, are of minor importance and technical. The "only serious objection" was the placing of the cost of the inspection on the shoulders of the packers.

Speaker Cannon and Secretary Taft emerged from the President's office together this morning and hurried away arm in arm. "We manufactured no news whatever," exclaimed the Speaker, over his shoulder, as he climbed into his automobile. "When are you going to adjourn?" he was asked. "Sometime between now and the fifteenth of July," he replied, gravely, as his machine chugged chugged away. Then he added: "That's official."

Immediately following the formal introduction of the old man, by Representative Cooper, who escorted him to the President's office, the President exclaimed: "Well I am delighted to see you, Mr. Buckley. So you are one of the men who handled the eleven inch guns that day?" After the interview Congressman Cooper said: "The President has the most wonderful memory of any man I ever saw. He must have a regular card-index brain. Now I'd like to know how he remembered that the Kearsage carried eleven-inch guns?"

Paris, June 7.—John D. Rockefeller and Mrs. Rockefeller left the Hamburg-American liner Deutschland at Cherbourg late yesterday afternoon. Friends in Paris of the Rockefellers have been notified that the American millionaire will pass through Paris without stopping, going directly to Compiegne, where they will rejoin Mr. Rockefeller's daughter, Mrs. Strong, who is ill there. To newspaper men who tried to interview him, Mr. Rockefeller said that it was his intention not to pay any attention to business while he is in France.

New York Stock Market.

New York, June 7, 11 a. m.—There was plenty of evidence in the stock market this morning that it was held in absolute control by important bull interests which had accumulated practically all the supply of leading interests at much lower price levels and that the bulk of the stocks accumulated had been permanently lodged and was not for sale around current quotations.

It is said he wanted her to deed property to him and return to St. Louis with him, which Mrs. McKee refused to do. Mrs. McKee leaves two sons and one daughter. Shortly after her husband's death she took paris green, fearing she could not support her children, but was saved by the prompt attention of physicians.

Today's Telegraphic News

Cloud Bursts.

Pittsburg, June 7.—The Weather Bureau is in receipt of a telegram from Johnstown telling of a cloud burst along the Conemaugh river. The stream rose 13½ feet between 8 and 9 o'clock at Johnstown this morning. The weather people have no information about the damage done, if any, or about the time or place where the cloud burst occurred.

At Ingleside, 7 miles west of Johnstown, the Conemaugh river rose with frightful rapidity to a great height, flooding the tracks of the Pennsylvania Railroad. The crest of the flood carried enormous quantities of drift of every character, indicating that the property damage had been considerable.

At 11:30 o'clock, the flood was rapidly subsiding. No information could be had from Ingleside as to the source or extent of the damage above that point.

The cloudburst occurred at Hornerville, between Johnstown and Rockwood, and 12 miles above Johnstown on Stony creek. It is reported in Johnstown that one woman and one child were drowned. The details of the storm and its extent are not yet fully known in Johnstown.

ANOTHER DISPATCH.

Johnstown, Pa., June 7.—A cloudburst that occurred at six o'clock this morning at Hooversville, a town on Stony Creek, 18 miles above here, swelled the stream, which had already been transformed into a raging torrent by the heavy rains of the last few days, to flood dimensions. Many houses have been damaged along the course of the stream and in this town, Island Park, a pleasure resort, three miles above here, has been wiped out of existence, a number of animals have been drowned, including those belonging to the menagerie of the park.

An infant child in her arms was knocked into the river and drowned. This is the only fatality so far reported that may in any way be attributed to the flood. Telephone connection with Hooversville has been severed, and it is possible that drownings may have occurred there. Stony Creek has been rising, however, for several days and it is believed that ample warning was given the people living on its banks.

A number of factories shut down for the day, the low lying streets are covered with water to a depth of several feet. Most of the cellars are flooded and in a few houses the water rose to the first floor.

A later special says a storm assuming the proportions of a cloudburst swept the ridge near Baggaley and Solomon Temple last night causing considerable damage.

A special dispatch from Butler, Pa., says: "The highest flood which has visited Butler, in years, is raging this morning caused by continuous thunderstorms throughout the night."

Disorderly Strikers.

New York, June 7.—The Bronx was visited last night by a mob of nearly one thousand men, who broke the windows in nearly seventy five grocery stores and left destruction in their wake until they were suddenly confronted by the reserves of the Alexander avenue police station. By rigorous use of their clubs the police broke up the riot and arrested nearly a dozen of the ringleaders. It developed that the rioters were members of local union No. 496 of the Retail Clerks' International Protective Association, which demanded that all grocery stores close at 7 o'clock at night during the summer months. The trouble makers divided into five groups and asked the proprietors in the various grocery stores in St. Ann's, Brook and Willis avenues between 143d street and the Southern Boulevard to close at 8 o'clock last night. Whenever a proprietor refused to accede to their wish the windows of his store were smashed and the store turned topsy-turvy.

More than two hundred and fifty buildings in New York city are involved in the lockout of the twelve thousand members of the Brotherhood of Carpenters which went into effect yesterday.

Launch of New Cunarder.

Clydebank, Scotland, June 7.—The transatlantic liner Lusitania, of the Cunard line, was successfully launched here today. The vessel was christened by Lady Iverclyde. A large crowd was present to take part in the celebration attendant upon the launching. The town was gaily decorated for the occasion. The Lusitania will be the largest and fastest steamer afloat. She is of 32,000 tons, and is 785 feet in length. She has quadruple screws, turbine engines capable of developing 80,000 horse power, and will make twenty-five knots an hour. The vessel has accommodations for 550 first-class passengers, 500 second-class and 1,300 third-class. The crew will number 800 men. Some idea of the amount of work on the immense vessel is given when it is stated that there are four million rivets in the hull. The appointments of the Lusitania excel those of any vessel afloat. In speed, too, she will surpass all other liners. It is expected that she will cross the Atlantic in four and a half days.

Gambling on Steamship.

New York, June 7.—The officials of the White Star line have decided to discourage gambling on their vessels and the first step in this direction was taken on the steamer Majestic, which arrived here today from Liverpool. On the passenger lists which were distributed to those on board shortly after the Majestic sailed the following notice was printed in large letters: "The attention of the managers has been called to the fact that certain persons, believed to be professional gamblers, are in the habit of traveling to and fro in Atlantic steamships. In bringing this to the knowledge of travelers, the managers while not wishing in the slightest degree to interfere with the freedom of action of patrons of the White Star line, desire to invite their assistance in discouraging games of chance, as being likely to afford these individuals special opportunity for taking unfair advantage of others."

A Western Wonder

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by E. S. Leadbeater & Sons', Druggists. 50c and $1.00. The Packing House Sensation.

Buffalo, N. Y., June 7.—This city has been greatly stirred by disclosures resulting from inspection of the local packing and beef killing houses. Conditions fully as bad as those in the Chicago packing houses have been found to exist here. Mayor Adam has decreed that the city's health and sanitation laws shall be rigidly enforced at all the places where live stock is killed. A committee of the Board of Aldermen yesterday visited the abattoirs, as a result of which stringent ordinances will be passed to protect the people of the sale of diseased meats.

Butcher shops are being boycotted and some of them are suffering severe financial losses. Hundreds of families are adopting the vegetarian diet.

Chicago, June 7.—After a strenuous day spent in inspecting the stock yard buildings, Building Commissioner Barcen last night repaired to a lunch counter. With the eyes of his inspectors and newspaper men upon him, he passed by the meats, but selected two pieces of bread, a piece of cheese and a sardine. He said his appetite for meats had been destroyed by the trip through Packingtown.

Another Clerical Capitalist.

Philadelphia June 7.—Another clerical capitalist in the Pennsylvania Railroad services, developed at the Interstate Commerce Commission hearing today, when Attorney Glascow put on the stand Joseph K. Aikens, for 27 years chief clerk to the superintendent of the Monongahela River division. Aikens wears diamonds and carries himself like a financier. Questioned by Mr. Glasgow, Aikens said he owned 500 shares in the Brazenell Coal Company for which he said he paid $25,000 cash last November, 250 shares in the Dunkiak Coal Company, for which he said he paid $17,500 last year, 500 shares in the Pittsburg in the Pittsburg & Westmoreland Company; which he received in return for shares of the Hazel Kirk Coal Company, that cost him $12,500; sixty shares of the Connellsville coal company for which he paid $6,000 cash; and 25 shares each in the Presten Coal Company, presented by Mr. Kuhn and in the Crescent coal company, presented by John W. Crawford.

Movement Against Anarchists.

Geneva, June 7.—A diplomatic movement is afoot for an international conference to discuss measures for dealing with anarchists. The attitude of America, England and Switzerland in the matter is most important, as these are the only countries where anarchists receive any protection. Diplomats are not convinced that these three countries will join with the rest of the world in the adoption of stern measures to suppress anarchy. A formal exchange of views is now proceeding in order to learn the American, English and Swiss views on the subject.

Italian Murdered.

Millville, N. J., June 7.—A murder occurred at Woodbine, a Jewish settlement sixteen miles below Millville, last night, when, after quarreling, one Italian shot another Italian through the heart, killing him instantly. The murder was not discovered until several hours later when the murderer had escaped. The police here were notified and captured one suspect this morning. Both men were employed on a section gang of the West Jersey and Seashore railroad, and were natives of Calabria, Italy. The chief of police has been notified.

Collision.

Portland, Me., June 7.—The steamers City of Bangor and the City of Rockland, belonging to the Eastern Steamship Company's fleet, and bound in opposite directions between Bangor and Boston, were in collision this morning off Monsegan. The City of Bangor was considerably damaged, but finally reached this port. The City of Rockland, which escaped serious injury, continued on her way to Bangor. Both steamers carried a number of passengers. Fortunately no one was injured.

To Be Dismissed.

Philadelphia, June 7.—The following statement was issued this morning at the office of the Pennsylvania Railroad, in Broad street station. "President Cassatt has decided this morning on the dismissal of Joseph B. Boyer, who has confessed to receiving commissions for the coal purchased for the railroad company."

Resignation of Spanish Cabinet.

Madrid, June 7.—The Spanish cabinet headed by Primier Moret resigned today.

Council of Attorneys.

New York, June 7.—A council of attorneys of the Standard Oil Company, men prominent in legal circles in various parts of the country, is being held at the general offices of the Standard Oil Company here. This council of counsel is preparing the formal reply the Standard will make to the Interstate Commerce Commission to the charges made against the oil trust at the recent hearing before the commission in the west. Attorney Virgil P. Klein, of Cleveland, personal counsel of John D. Rockefeller, is in charge of this work.

Plot Frustrated.

Lisbon, Portugal, June 7.—Rumors of a plot to establish a Boer republic in Portuguese Angola which have attracted a great deal of attention, have resulted in the authorities taking active steps to see that the scheme is not carried out. General Pienaar and several other Boers who were concerned in the plots have taken refuge in German Africa.

Threw Lighted Lamp at Her Sister

Vancouver, Wash., June 7.—As the result of a family quarrel Mrs. Alice Meyers, of Washington, D. C., is dead and her sister, Miss Clara LaVoie, is in a serious condition. Mrs. Meyers, while in a rage, threw a lighted lamp at her sister and the clothing of both women caught fire. The affair took place at the home of their mother, who died recently.

Frederick Lang, the man who shot his niece, Mattie Gordon, at Bonhamtown, near New Brunswick, N. J., on April 20 when he was about to board a trolley car with her to come to the city, and take a train for South Bethlehem, Pa., where he lived, was caught last night and jailed by Justice Sedam, on the charge of murder. Lang deliberately shot the girl, after spending all night at her home because she would not agree to marry him.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Fifty-ninth Congress.

Washington, June 7.

SENATE.

The Senate did not meet until 2 o'clock today.

Mr. Foraker tried to get an agreement in the Senate to have the conference report on the statehood bill taken up Tuesday. He said that Mr Beveridge, in charge of the bill, was at present absent through illness.

Mr. Hopkin's resistance disturbed the Ohio Senator, he giving notice that as soon as the rate bill conference report, now pending, was out of the way he would move to take up the statehood bill report.

An understanding has been reached that the conference report on the statehood bill shall be taken on Tuesday, and that before adjournment a vote shall be taken on the motion to recommit.

Mr. Foraker, leader of the opposition, claims to have a majority of from 6 to 8 for the rejection of the report.

HOUSE.

Consideration of the sundry civil appropriation bill was resumed when the House met today.

Employers' Liability.

The text of the employers' liability bill which was passed by the Senate yesterday is one of the most important acts of legislation accomplished this session. It provides:

"That every common carrier engaged in trade or commerce in the District of Columbia or in any territory of the United States, or between the several States, or between any territory or territories and any State or States or the District of Columbia, or with foreign nations, or between the District of Columbia and any State or States or foreign nations, shall be liable to any of its employes, or, in the case of his death, to his personal representative for the benefit of his widow and children, if any; if none, then for his parents; if none, then for his next of kin dependent upon him, for all damages which may result from the negligence of any of its officers, agents or employes, or by reason of any defect or insufficiency due to its negligence in its cars, engines, appliances, machinery, track, roadbed, ways or works.

Sec. 2. That in all actions hereafter brought against any common carriers to recover damages for personal injuries to an employe, or where such injuries have resulted in his death, the fact that the employe may have been guilty of contributory negligence shall not bar a recovery where his contributory negligence was slight and that of the employer was gross in comparison, but the damages shall be diminished by the jury in proportion to the amount of negligence attributable to such employe. All questions of negligence and contributory negligence shall be for the jury.

"That the contract of employment, insurance, relief benefit or indemnity for injury or death entered into by or on behalf of any employe, nor the acceptance of any such insurance, relief benefit or indemnity by the person entitled thereto, shall constitute any bar or defense to any action brought to recover damages for personal injuries to or death of such employe: Provided, however, that upon the trial of such action against any common carrier the defendant may set off therein any sum it has contributed toward any such insurance, relief benefit, or indemnity that may have been paid to the injured employe, or, in case of his death, to his personal representative.

"That no action shall be maintained under this act, unless commenced within one year from the time the cause of action occured.

"That nothing in this act shall be held to limit the duty of common carriers by railroads or impair the rights of their employes under the safety appliance act of March 2, 1893, as amended April 1, 1896, and March 2, 1903."

Suspect Army's Loyalty.

A new cloud is looming in the Russian government's horizon which is causing serious unrest among the troops, the only stay of the administration in case of an open rupture with Parliament, evidence of which is being received from many quarters. In addition to the Kursk troubles, which, in spite of the official disclaimer that they are of a political character, are known to have been fomented by revolutionists, there is open fomentation in the garrison of Odessa, while the Cossacks at Rostoff-on-Don and elsewhere are muttering because of the long time they have been absent from their homes. In addition it is learned that the new recruits, instead of revivifying the loyalty of the army, have infected the ranks still further with the revolutionary virus which is so wide spread among the peasantry.

The strikers at Odessa are assuming such a menacing attitude that the authorities are acutely apprehensive of a repetition of the appalling conflagration of last June. The Russian shipping companies having announced their intention to immediately import 2,000 seamen from the Baltic ports, the local firemen who are on strike threaten to retaliate by blowing up the steamers and burning the port. Strong military guards were placed yesterday on board all the vessels laid up at Odessa. Fifteen hundred infantry, with machine guns are stationed at the harbor and its vicinity. The strike, which is declared to be purely political, has paralyzed Russian navigation of the Black Sea.

The soldiers of the Kozzloff Regiment of Infantry at Kursk, held a meeting Tuesday to formulate demands for the improvement of their condition, which included placing the soldiers of the class of 1903 in the reserve, when an officer, sword in hand, attempted to interrupt a speaker, whereupon the assemblage fell upon the officer, who was almost beaten to death. The sympathy of the artillerymen with the Kozzloff regiment was manifested by their refusal to obey orders to break up the meeting.

Former Justice George Barrett, of the Supreme Court, died today at his home in New York. He was 68 years old and born in Ireland. Justice Barrett was educated at Columbia and Racine colleges.

Miss Eleanor Williams French, daughter of Mr. and Mrs. George Smoot French, and Mr. Richard Gibson were married at 8 o'clock last night in Christ Church, the rector, Rev. W. J. Morton, officiating. The bride wore a gown of white radium silk, and the maids of honor wore white net. The matrons of honor were Mrs. D. J. Howell, of this city, and Mrs. Clarence R. Howard, of Fredericksburg. The maids of honor were Miss Georgia M. French, a sister of the bride; Miss Sue M. Spiller and Miss Minnie Spiller, of Wytheville, Va., and Miss Holmes Paulding, of Washington. Dr. Thomas Gibson, a brother of the groom, was best man. The ushers were Messrs. D. M. French, Boyd Spiller, Beaudric Howell, Clarence R. Howard and Lieut. Kent Spiller, U. S. A. After the wedding Mr. and Mrs. Gibson left on a wedding tour.

A pretty wedding took place in St Mary's Catholic Church yesterday afternoon at 4 o'clock, when Miss Rosa Murtaugh, daughter of Mrs. Anne Murtaugh became the wife of Mr. William Donohue, of Philadelphia. The bride was handsomely gowned in white brocade satin and Irish point with gainsborough hat trimmed with ostrich plumes. She carried bride roses. The bride was attended by her sister, who wore white net over taffeta and carried La France roses. Mr. Frank Herbert, of Philadelphia, acted as best man. A reception followed at the home of the bride's mother, 2623 Duke street, and later Mr. and Mrs. Donohue left for an extended northern tour, after which they will reside in Philadelphia, where the groom is engaged in business.

Mr. Charles E Pierpoint and Miss Anne Maria Willetts were quietly married last night at the parsonage of Trinity Methodist Episcopal Church, Rev. J. A. Jeffers, officiating.

The Curtin Murder Case.

Interest in the Curtin murder case has again been revived, after a lull of several months, by the arrest of certain parties who are believed to be in possession of information which would clear up the mystery. As was stated in yesterday's Gazette Stephen Davis, Harry Meeks, Annie Fischer, and Lillian Blair have been arrested. The warrants were issued at the instance of Commonwealth's Attorney S. G. Brent. The information upon which the arrests were made was furnished by George W. Cole, a riverman, who recounted to Mr. Brent the details of a conversation between two women which is deemed important by the authorities. It is stated that the man who killed Curtin has not been apprehended, but his arrest is expected at any moment. Davis and Meeks were arraigned in the Police Court several months ago, but they were dismissed. Davis's wife was summoned to headquarters and interrogated in reference to a hat covered with blood stains which was found by the police in a trunk in Davis's room in the Braddock House. A coat, said to bear blood stains, was also found in a house on north Lee street.

Officer Knight arrived here today from Baltimore with Ada Smith, who was arrested yesterday in that city on a charge of being connected with the Curtin murder.

Yesterday's Storm.

The storm shortly before two o'clock yesterday afternoon was one of the fiercest that has visited this section for a long time. The southern portion of the city experienced its severity more than other quarters. South of Duke street a number of trees were uprooted and chimneys damaged. Large branches were twisted from trees and hurled some distance by the wind, and after the storm had subsided the city carts were employed for hours in clearing some streets of fragments of foliage, &c. Some hail fell while the storm was raging.

Lightning struck one of the new municipal buildings of the District of Columbia near Shepherds, on the opposite side of the river, and seriously damaged the structure, so much so that it is said it will be necessary to practically rebuild it. The building had been turned over by the contractor to the authorities of the District of Columbia at 12 o'clock yesterday.

The school house of Fairfax county, a short distance south of Franklin street, was damaged by the force of the wind, having been turned partly around.

There was another heavy rain, accompanied by thunder and lightning, about 5 o'clock this morning.

Conference of Clergy.

The following clergy attended the conference held at St. Mary's rectory today: Rev. John McVerry, Winchester; Revs H. J. Cutler and L. Kelly, Alexandria; Rev. E. M. Tearney, Falls Church; Rev. Chas. E. Donahoe, Martinsburg, W. Va.; Rev. Patrick Donlin, O. S. B.; Rev. T. J. Crowe, Charlottesville; Rev. W. A. O'Hara, Keyser, W. Va.; Rev. Jas. E. Collins, Harpers Ferry, W. Va.; Rev. D. F. Coleman, Fredericksburg; Rev. F. Kaup, Portsmouth; Rev. J. Gilsenan, Roanoke; Rev. L. J. Haier, Keyser, W. Va.; Rev. F. P. Lackey, Falls Church; Rev. Jos. M. Perrig, Lynchburg. In the absence of Rt. Rev. Bishop Van De Vyver, of Richmond, Rev. H. J. Cutler, pastor of St. Mary's Church, Alexandria, presided. The subjects treated were dogmatic, moral and scriptural. First, that there is a moral obligation for every man to profess a religion. Second, the jurisdiction of confessors. Third, the integrity of the books of the New Testament.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Five women and two men, arrested by Officers Beach, Nicholson, Knight and Gill, in connection with the murder of George Curtin, had their cases continued.

John Bryant, colored, arrested by Officers Roberts and Young for fighting, was fined $2.50.

A colored man named Dauter, arrested by Officer Beach, charged with a similar offense, was fined $2.50.

Will Probated.

The will of the late Robert Portner, who died at his country home near Manassas last week, has been offered for probate in Washington. Aside from personal bequests, including $5,000 to Manassas Lodge of Masons to build a Masonic hall; $5,000 to improve the streets of Manassas, and a $5,000 trust fund, the income from which is to aid the poor of Manassas, all the estate, exclusive of the brewery in Alexandria, is left in trust to the executor, the American Security and Trust Company, for the benefit of the family of the deceased. His interests in the brewery at Alexandria are divided equally between the ten children, and the American Security and Trust Company is named as trustee of the children who have not attained the age of twenty-five years, and also the guardian of the minor children. The estate will exceed three million dollars.

Whalen Acquitted.

A telegram was received in this city this morning from Manassas announcing the acquittal of William Whalen, who was tried in the Prince William County Circuit Court on an indictment charging him with breaking and entering freight cars in March, 1905. He was represented by State Senator Machen, of this city, and Mr. J. J. Davies, of Manassas. Whalen is the man who made a sensational escape from the Police Court in this city by leaping over the railing and dashing down the steps to Market alley. He succeeded in eluding the police for months but was finally caught and turned over to the Prince William authorities. The case occupied two days and a large number of witnesses were examined, among them a number from this city, including Police Justice Caton, Chief of Police Goods and Officers Young and Roberts.

Death of an Old Citizen.

Mr. John T. Harrison, an old and well-known resident, died suddenly at his home, No. 737 north Columbus street, at an early hour this morning. The deceased years ago was a watchman at the old Mount Vernon Cotton Factory on north Washington street and since the building was acquired by the Portner Brewing Company he had continued to watch it. He leaves a widow and several children.

Fire Company Meetings.

A meeting of the Columbia Fire Company was held last night at which some routine business was transacted. Resolutions of respect to the memory of the late Edward Hughes were adopted.

A meeting of the Friendship Veteran Firemen's Association was held last night, at which considerable business of interest to the organization was transacted.

Fell from a Wagon.

Arthur Bowling, son of James Bowling, living near Franconia, Fairfax county, fell from a wagon near Fourmile run this morning and was seriously injured. The young man is employed on the railroad work north of this city. He is subject to epilepsy, and is supposed to have fallen in a fit. He was placed in the Alexandria Hospital where he received treatment.

Committee Meeting.

There was another meeting last night of the joint committee on streets and general laws of the City Council, at which the ordinance providing for the removal of the railway track on Henry street was further considered. Some minor changes were made in the ordinance providing for the taking up of the track, and it will be reported to Council next Tuesday night.

Federation of Labor

The greater part of yesterday's session of the eleventh annual convention of the Virginia Federation of Labor was consumed in a debate on the betterment of the condition of workingmen. A resolution was adopted setting forth the opposition of the federation to the ship-subsidy bill. Tonight at 8 o'clock a public meeting will be held in the Opera House.

Preparing for Vitrified Brick.

The work of removing the cobble-stones from Lee street, between King and Prince, preparatory to laying granite curbing and vitrified brick, is now in progress. Some of the boulders which are being removed are as large as a half bushel measure, and had remained embedded on the square for many years.

T. P. A.

The annual convention of T. P. A. of A. will be held in Buffalo, N. Y., June 11. The State organization has nearly 2,000 members, a large portion of whom are in Alexandria and its vicinity. Messrs. A. P. Brockett, R. M. Graham and J. Y. Williams will represent Alexandria at this convention.

Luna Park.

Luna Park was the centre of attraction again last night, many people from Alexandria and Washington being present, all of whom experienced a pleasant evening. The different features of amusement at the park are greatly relished by all who visit the resort.

Foot Crushed.

Mr. Samuel Pulman, a car inspector at the new union yards near St. Asaph Junction, had one of his feet terribly mashed this morning by a passing train. He was brought to this city and placed in the Alexandria Hospital where the injured foot was amputated.

Robberies.

The residence of Mr. George F. Bradley, on upper Duke street, was burglariously entered last night and $21, two gold watches and two money banks, belonging to his children, containing about $10, stolen. About 6 o'clock this morning Mr. Bradley upon rising found that his trousers were missing, and upon instituting a search he discovered them in the bath room. He later found that the $21 and the money banks and watches had been stolen.

The residence of Mr. Thomas Lynn, in West End, was entered last night and two gold rings stolen. The manner in which the robbery was committed shows it to have been the work of no ordinary thief, and the cleverness of a "second-story man." The rings were in a box on the bureau in Mr. Lynn's bedroom, and notwithstanding that Mr. Lynn and a dog were in the room and a lamp was brightly burning, the thief committed the robbery without disturbing any one. There was $200 in a bureau drawer which was not taken. Every sleeping room in the house was entered and ransacked without awakening the sleepers.

The residences of Mr. William Laycock and Mr. James R. Harman were also entered last night, but the only thing stolen was a pocket-book containing a small sum of money. Mr. Harman was sleeping on a mattress which had been placed on the floor and upon awakening this morning discovered footprints on the mattress, evidently made by the thief.

The police authorities have been notified of the robberies and will use every endeavor to apprehend the guilty parties.

Murdered and Robbed.

John E. Grubb, postmaster and merchant at Acteon, Va., was murdered Tuesday night, presumably by burglars, who afterward looted the store and postoffice, saturated the building with oil, and then set fire to it. Grubb's charred body was found in the ruins of the building, which was entirely consumed. An examination showed that his skull had been crushed by a blow.

Two negroes have been arrested at Prospect, and are being held pending an investigation. They are strangers at Acteon, and aroused suspicion by loitering about the store all day Tuesday. Three white men are under arrest at Crewe, but there is little evidence so far connecting them with the murder.

Bloodhounds were brought from Suffolk last night, and were put upon the trail of the robbers, whose footsteps about the store are plainly visible.

Grubb was eighty years old, and had been postmaster there for a long time. He was a Union veteran, and lost a leg in the war.

This institution was organized to give its patrons accurate banking service, and in this respect has thoroughly fulfilled its mission. They offer you every facility that wise and conservative bankers approve and also absolute safety. This corporation pays 3 PER CENT. interest on deposits in its Savings Department, making it a desirable depository from an economic viewpoint for the accounts of those especially who are not engaged in commercial life, but who have an income or who are employed on a salary. This corporation paid several thousand dollars in interest last year. Did you share in this distribution? If not, why not open a savings account at once and share in their next? You should make it a rule to deposit part of your earnings systematically in a savings account with this corporation. ONE DOLLAR will open an account. Why not start TODAY?

THURSDAY EVENING, JUNE 7, 1906.

Where Man's Influence Is Fatal.

Man is the only animal which is always accompanied by disease except those creatures that are his companions and share his patronage. There is reason to believe that the denizens of the forests, the veld, the rivers and the ocean, so far as they escape man's influence, live, with hardly an exception, healthy lives. Chronic ailments begin with man's protection in the dairy, stable and kennel. Man has created artificial conditions with which the "thousand ills that flesh is heir to" are associated. It is now his supreme task to bring these conditions into harmony with the laws of his being. Sickness and debility are not to be regarded as natural and inevitable parts of our heritage, but as the fruits of rebellion against nature's laws, and therefore to be got rid of. If the human family dwelt in ventilated houses, breathed pure air, lived temperately, with little or no alcohol, and took daily exercise in the open, it would perhaps know little more of gout, rheumatism, cancer, fever, lumbago, dyspepsia, asthma and the host of infectious troubles than do the lower animals.—London Telegraph.

An Old News Rag.

A curious relic of the old days of the paper duties which so much hampered journalistic enterprise in the first half of the nineteenth century is the first number of Berthold's Political Handkerchief, being a news sheet printed on cotton fabric instead of paper. It is dated London, Saturday, Sept. 3, 1831; price, fourpence. And the letterpress, which is fairly legible, is as remarkable as the material on which it is printed. The tone of this news rag is intensely radical, but it reproduces the order of ceremonial to be observed at the coronation of King William IV. and Queen Adelaide on the following Thursday, and it is announced that a proclamation to the people of Europe will appear in our "next cotton." It is embellished with a medallion woodcut of Napoleon crossing the Alps, but the ink in this pictorial effort was too much for the cotton, and the Alps are in a fog and the emperor, on horseback, very indistinct.—London Mail.

Fiance and Sweetheart.

For centuries we have tried to get the word that expresses the relation of the man to the maid he intends to marry. "Intended" has been tried and found wanting. "My bloke," "my young man"—these combinations are not heard in the best circles. "My betrothed," a phrase used in Germany, has not taken root in England. "My sweetheart" is pretty enough, but it lacks the official sound. Young men and maidens become engaged and marry, but they have to cross the channel for the word that leads them to the altar. One might suggest to the blushing girl who has to allude to the man of her acceptance "my future." French maidens speak of "mon futur," and it sounds comprehensive.—London Chronicle.

Advertising.

Until business is successful without a proper store, proper employees and the right amount of capital, it must be assumed that these three conditions are essential to the conduct of profitable trade, and it is as obvious that so long as advertising accompanies the business of profit advertising is necessary for the upbuilding of business. The mere appearance of advertising indicates that business is being done or will be done, and so long as everybody prefers to buy of men of success rather than of men of failure just so long will the man who advertises be likely to do the largest business.

The Moat.

Before the days of artillery the moat was an effective means of defense, particularly when filled with water. In very large forts or castles it sometimes assumed the dimensions of a lake, being often 100 yards wide and ten to twenty feet deep. The moat was crossed by a drawbridge, which could be raised at an instant's notice. When the moat was too wide to permit of this bridge covering the entire distance a slight wooden bridge was employed.

Its Curious Origin.

The word "eavesdropper" has a curious origin. In the early part of last century the penalty of listening to or overlooking secret assemblies, especially Masonic ones, was suspension under the eaves of a house on a rainy day till the water ran through the clothing and down to the shoes of the offender.—London Express.

Court Terms.

A court of law is a reminiscence of the time when justice sat in the open courtyard, and the "dock" is from a German word meaning a receptacle, while the "bar" is a Welsh word meaning a branch of a tree used to separate the lords of justice from their vassals.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with disordered stomach. Try Kodol. Sold by W. F. Creighton & Co, 401 King street.

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.
